Memo to File:

Re: Interstate Brick Corp.
Koosharem Mine
Piute County, Utah
ACT/031/002

Mr. Robert Steel, of Interstate Brick came into the office on September 25, 1978 to check on the status of the surety for the Long Canyon Mine and the status of the Big Cottonwood Mine. While he was here we discussed the misunderstandings and lack of communications regarding the Koosharem Mine and its recent reclamation. Mr. Steele said that he would send the Division all the required information.
